

# 2015 Transportation Technology Deployment Report:

Vermont Clean Cities

Expanded Edition

March 2016

The U.S. Department of Energy's (DOE) Clean Cities program advances the nation's economic, environmental, and energy security by supporting local actions to reduce petroleum use in transportation. A national network of nearly 100 Clean Cities coalitions brings together stakeholders in the public and private sectors to deploy alternative and renewable fuels, idle-reduction measures, fuel economy improvements, and new transportation technologies, as they emerge.

Every year, each Clean Cities coalition submits to DOE an annual report of its activities and accomplishments for the previous calendar year. Coalition coordinators, who lead the local coalitions, provide information and data via an online database managed by the National Renewable Energy Laboratory (NREL). The data characterize membership, funding, projects, and activities of the coalitions. The coordinators also submit data on the sales of alternative fuels, deployment of alternative fuel vehicles and hybrid electric vehicles, idle-reduction initiatives, fuel economy activities, and programs to reduce vehicle miles traveled. NREL and DOE analyze the data and translate them into petroleum-use and greenhouse gas reduction impacts for individual coalitions and the program as a whole. This report summarizes those impacts for Vermont Clean Cities.

To view aggregated data for all local coalitions that participate in the Clean Cities program, visit [www.eere.energy.gov/cleancities/accomplishments.html](http://www.eere.energy.gov/cleancities/accomplishments.html).

### 2015 Gallons of Gasoline Equivalent Reduced

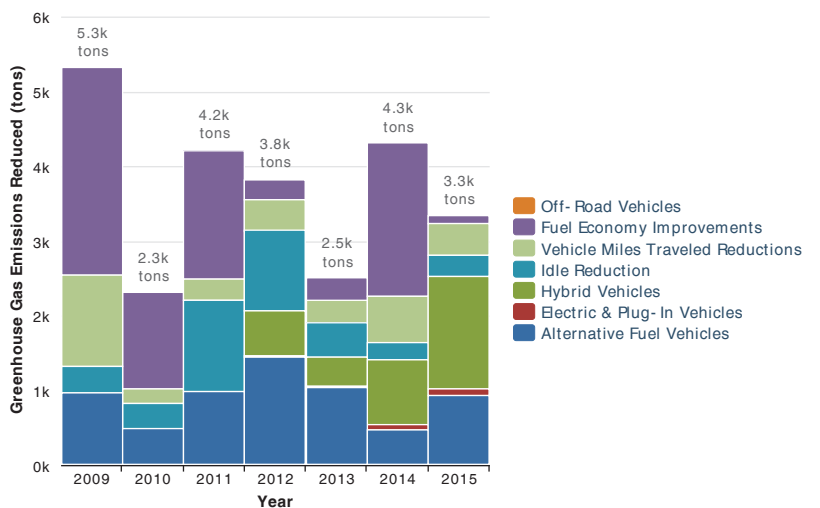

### 2015 Greenhouse Gas Emissions Reduced

### Historical Gallons of Gasoline Equivalent Reduced

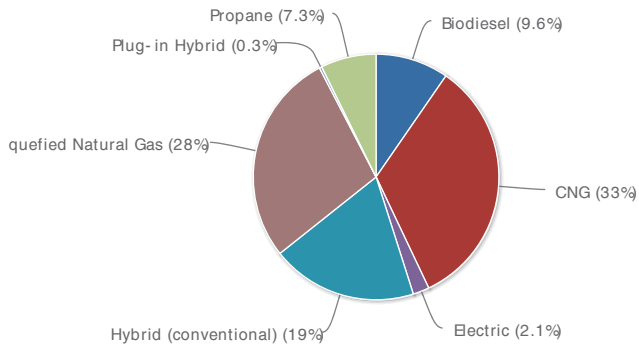

### Historical Greenhouse Gas Emissions Reduced

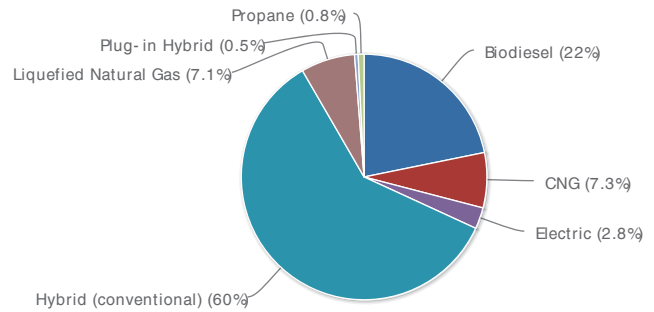

**2015 Gallons of Gasoline Equivalent Reduced by Fuel Type for Alternative Fuel Projects**

638,712 gallons

**2015 Greenhouse Gas Emissions Reduced by Fuel Type for Alternative Fuel Projects**

2,529 tons

**COALITION**

**Vermont Clean Cities - VT**

<http://www.uvm.edu/vtccc>

**Designated:** 06/25/2001

**Boundaries:** Entire state of Vermont

**COORDINATORS**

	<b>Address</b>	<b>Telephone</b>	<b>Fax</b>
<b>Abby Bleything</b>	210 Colchester Ave, Farrell Hall Burlington, VT 05405		
<b>Number of coordinators</b>			1
<b>Coordinator(s) hours per week on Clean Cities</b>			40 hours
<b>Other staff hours per week on Clean Cities</b>			15 hours
<b>How long have you been the coordinator?</b>			1 years

**OPERATING INFORMATION**

<b>Host organization</b>	University
<b>Stakeholders</b>	
<b>Number of stakeholders</b>	60
<b>Number of private stakeholders</b>	35
<b>Does the State Energy Office provide any financial support to the coalition or stakeholders?</b>	Yes
<b>Explain State Energy Office's support</b>	Provides grant funding to implement a workplace charging education and incentive program.
<b>How would you rate the quality of the data on your survey?</b>	Good
